## NEW COMPANY IS ORGANIZED.

Cloverport Foundry & Machine  
Company, the New Manu-  
facturing Firm.

## FILE ARTICLES THIS WEEK.

Last week the Cloverport Foundry & Machine Company was organized and this week articles of incorporation will be filed with the Secretary of State and with the county clerk. The capital stock of the concern is \$3,000, divided into 120 shares of \$25 each. The following are the incorporators and stockholders and the number of shares owned by each: M. L. Christian, thirty shares; Roy Crawford, thirty shares; J. D. Babage, twenty shares; P. D. Plank, twenty shares; J. C. Nolta, twenty shares. The officers are: M. L. Christian, President; J. D. Babage, Vice President; and J. C. Nolta, Secretary and Treasurer. The three last named of the stockholders are residents of this city and the first two will become residents, so the management of the affair will be strictly local.

Besides the \$3,000 in common stock held by the above named parties, there is \$1,500 of preferred stock owned by other citizens of Cloverport. J. A. Barry, who owns some preferred stock, is Superintendent of Construction for the company's plant and is proving to be the right man in the right place.

The new company will manufacture and repair all kinds of machinery, manufacture castings, screen wire and wire novelties, and light iron work. The plant will be located on the lot just east of the old Bobbin factory, near the L. H. & St. L. shops, and work will begin on it at once.

## Election Officers Appointed.

Hardinsburg, Ky., Sept. 15.—(Special).—The county Board of Election Commissioners have been appointed by the State Board. They are Jesse Whitworth and Jno. P. Haswell, Jr. Sheriff Frank P. Payne, by virtue of his office, is one of the election officers of the County Board and Chairman. They met yesterday and organized and appointed the election officers in the various precincts, who hold their office for a term of one year, unless sooner removed for cause. The names of the election officers will be published in another issue of the News.

## Concert Was a Success.

Hardinsburg, Ky., Sept. 15.—(Special).—The concert given by the Chicago Glee Club at the City Hall, on Thursday evening, was a distinct success.

In the audience that heard them were delighted listeners from Irvington, Glendene and Cloverport. Not one went away disappointed.

## Appeared on Two Evenings.

W. Powell Hale, the well-known impersonator, appeared in Oelze's Hall both Thursday and Friday evenings and on each occasion entertained an appreciative audience with a number of excellent impersonations and recitations. The two entertainments were a success financially. They were for the benefit of the Baptist church.

## Wedding Announcement.

Irvington, Ky., Sept. 15.—(Special).—Mr. and Mrs. Thomas Davis announce the marriage of their daughter, Miss Lillian, to Mr. Willard X. Kincheloe, of Hardinsburg. The wedding will take place Sept. 20th at 6:30 p. m., at the Methodist church.

## A MORE ABLE MINISTER

Than Rev. T. F. Walton Cloverport  
Has Never Known, Says One  
of His Congregation.

Rev. T. F. Walton left last Thursday for Livingston, Ky. He will spend Friday with his children, Cecil and Ada Franklin Walton.

Rev. Walton, who was pastor of the Lucile Memorial Presbyterian church, of this city, for seventeen months, has been called to Ebenezer Presbyterian church, of Louisville. Besides these churches he has been offered another field at his old home at Barbourville. He has also had a call to Iowa, but has made no arrangements for the future.

Rev. Walton, who was pastor of the Lucile Memorial Presbyterian church, of this city, for seventeen months, has been called to Ebenezer Presbyterian church, of Louisville. Besides these churches he has been offered another field at his old home at Barbourville. He has also had a call to Iowa, but has made no arrangements for the future.

We regret that circumstances were such he thought best to resign. May success attend him and may he find in his new field that he is not laboring in vain. We congratulate any church that may be so fortunate as to secure his services. Lucile Memorial's loss will be another's gain.

## G. D. DEMPSEY ARRESTED.

Foreman of West Point Beacon  
Confesses to Have Committed  
Depredations.

West Point, Ky., Sept. 12.—G. D. Dempsey, a printer on the West Point Beacon, and H. A. Clark, the owner of the Beacon, were arrested today on a charge of conspiring to destroy private property. The warrants were sworn out by Dr. Lindsay Morrison, proprietor of the Beacon. Clark was dismissed on his examining trial this afternoon and Dempsey was held in jail on \$200 bail.

Several attempts have been made to injure the plant and office, and when Dempsey was arrested yesterday he made a confession, in which he stated that Clark and himself had conspired to commit the outrages on account of a grievance which Clark had against the paper.

## Mormon Class at Millstone.

W. C. Marshall, of Madison, Ind., Geo. Jenkins, of Plainville, Ind., and Jas. P. Satterwhite, of Byrnsville, Ind., all Latter Day Saints, and pastors of the Mormon churches in the cities where they reside, were in the city Monday enroute to their respective homes. They had been holding a meeting at Millstone, on the Ohio river, several miles below this city, since last Thursday and had met with good success. A class of twenty members was organized and it will hold meetings every Thursday evening and on Sundays. The meetings will be held in the Millstone school building and will be conducted by Richard Taylor, of that community.

## Farms at Webster Change Hands.

Webster, Ky., Sept. 15.—(Special).—Chas. Hatfield has bought the J. M. Fitch farm.

H. H. Hatfield has bought the Alexander tract of land west of town.

## CHARLES CASPERKE HONORED.

Brandenburg, Ky., Sept. 15.—(Special).—This evening at 8 o'clock at the residence of the bride's parents, Mr. and Mrs. J. T. Haynes, Miss Mary Elizabeth Haynes and Mr. Joseph Alonzo Clark were united in marriage, Father Zoeller pronouncing the ceremony.

The bride wore a lovely white Paris mullin, trimmed in lace and cream ribbon, forming an entire front panel from throat to hem of skirt, which flared prettily to the sweep. Large white roses were arranged in her fluffy hair and the same kind of roses with long stems were carried. Miss Beatrice Patterson Lewis, tall, handsome brunette and Miss Annie Lou Woolfolk, tall, handsome blonde, the bridesmaids, wore beautiful Paris mullin and carried pink roses. The bride's brothers, Jack and John Taylor, were the groomsmen, with the groom, were handsome in conventional black. Mrs. D. W. Lewis played Mendelssohn. After congratulations the evening was spent in conversation and music. Many handsome and useful presents were received.

The couple are very popular and have kind wishes. The groom is a popular teacher at Rhodolia.

## Epidemic at Mooleyville.

Brandenburg, Ky., Sept. 15.—(Special).—Mrs. Davis Cunningham has returned from a two weeks' stay at Mooleyville, where, she states, a good deal of typhoid prevails, as many as three or four being stricken in one family. Physicians think that either the water or milk has caused the epidemic.

## Offered Chair in College.

Brandenburg, Ky., Sept. 15.—(Special).—Charles Casperke, registered clerk of the corner drug store, has been offered a chair in the Louisville College of Pharmacy, but he will remain at the corner drug store. Mr. Casperke is well known and has many friends who congratulate him upon the compliment and also upon resigning here.

## Thirty-Eight are Baptized.

Brandenburg, Ky., Sept. 15.—(Special).—The Rev. Mr. Poulson, assisted by the Rev. J. L. Hart in the meeting at Highland. On last Friday thirty-eight were immersed by Rev. Hart, with four more candidates for baptism.

## R. F. D. ROUTE IS ASSURED.

Over 1,000 People Out From This  
City Will be Benefited  
by the Service.

## LARGER PART NAMES SECURED.

Considering that the larger part of the number of petitioners necessary to obtain rural free delivery service has been secured, it is safe to say that a route out from this city is assured. The proposed route will start at this city, go out by Tar Fork and Mattingly, thence to Hardinsburg and then back to this city on the Hardinsburg and Cloverport turnpike. Both the post-office at Tar Fork and the post-office at Mattingly will probably be discontinued and it is estimated that over 1,000 people will be benefited by the service. The carrier will leave the Cloverport post-office early in the morning. The route will be known as Route No. 1 and will be about twenty-three miles long.

Most of the people living along the proposed route are farmers and all who have signed the petition asking for the free-delivery service, realize the great benefit it will be to them, as Route No. 1 and will be about twenty-three miles long. To furnish a mail box, approved by the government, and place it on the highway traveled by the carrier is the only expense to be defrayed by each family served.

Dr. Wm. Howard, of Mattingly, after several weeks' diligent work has secured the names of the petitioners on the part of the route out by Mattingly to Hardinsburg, L. V. Chapin, of near this city, is arousing the interest of the farmers who live on the Hardinsburg and Cloverport turnpike and hopes to secure the remainder of the necessary petitioners in a short time. When his work is completed there is little doubt but the route will then be established by the government. Both Dr. Howard and Mr. Chapin deserve much credit for their efforts bearing toward this end.

## EXHIBITS FROM BRECKENRIDGE

And Meade Counties to Include Paint  
Clay, Brick, Brandy and  
Cement Material.

J. R. Willett, of Brandenburg, who is arduously for the Meade county exhibits at the exposition, through the Kentucky Exhibit Association, has interested all the peach and apple brandy distillers of this county and a distinctive Meade county brandy display is to be made. One of the distillers is to give away samples during the exposition. Mr. Willett is developing a large bed of Portland cement material from which he hopes to make an exhibit.

Paint clay, in paying quantities, has been unearthed near Stephensport, Breckenridge county, and a display of it is to be made by John Adair, in the 6,000 square feet reserved for the Kentucky Exhibit Association in the Mines and Metallurgy Building at the St. Louis World's Fair next year. A model of The Brice Railroad Tunnel kiln, used by the Central Clay Product Co., at Cloverport, is to appear in the Kentucky exhibit at the exposition, together with samples of the clays used and a number of brick made from them.

## MORE WORK FOR CANNERY.

Polk Packing Company Will Handle  
all Kinds Late Fruit  
and Vegetables.

## PROGRESS OF OTHER PLANTS.

The Polk Packing Company has advertised for twenty-five car loads of apples which they will use at their branch cannery factory in this city. They will also can all the late fruit and vegetables they can buy, such as pears, plums, peaches and pumpkins.

On account of the scarcity of tomatoes the cannery here has not had a steady run, but still it has done better than a number of cannery factories in this section of the country.

The Charleston Canning Company's plant, at Charleston, Ind., which has a capacity of 30,000 cans a day, has canned only 1,000 cans daily, for lack of tomatoes. Ralph Polk, of Greenwood, Ind., manager of the Polk Packing Company's main factory and its four branches, was in the city Saturday, enroute to Mound City, Ill. Mr. Polk is pleased with the success of the local branch factory, which is now open, as are the citizens of this city, who own several thousand dollars worth of stock in the concern.

F. D. Whiteneck, manager of the local factory, went to Greenwood, Ind., Thursday in response to a message announcing the illness of his wife, and E. C. Richey, the Polk Packing Company's expert capper, has his position.

Cloverport's two other new manufacturing industries, the Cloverport Foundry & Machine Company's plant and the Murray Roofing Tile Company's factory, were at first slow to begin operations in the near future.

The foundations for the Cloverport Foundry & Machine Company's plant were laid last week and work has begun on the building, which is located on the lot just east of the old Bobbin factory, where at first work on the building will be a frame, 30 x 60 feet, and will be used as a foundry building until a more substantial structure can be erected. Part of the machinery for the plant arrived from Franklin, O., last week and will be placed in position in the building when it is completed. The work of getting the plant in shape for operation will be pushed as rapidly as possible. They expect to be ready for business by October 1.

The Murray Roofing Tile Company's factory is practically ready to begin operations. A switch is being laid on the south side of the factory from the Henderson Road's main track, from which to route the fire clay from Fenley. Gas has been piped to the main kiln and the greater part of the work done on the machinery. The delay in the shipment of some special machinery for the plant is the main hindrance to its starting up.

**Purchase Another Stable.**

Hardinsburg, Ky., Sept. 15.—(Special).—Robertson Bros., of Glendene, have purchased of DeJarnette & Ball their livery stable. They took possession last Monday.

**Employees Not Paid.**

The twenty-nine former employees of the Patton brick yard, to whom judgment was given against the Perfect Combustion Company, of America, have not been paid.

The company has until Thursday to pay the men their wages for labor performed at the brick plant. If the debts are not paid then the plaintiffs can give the defendant an option of time or sell the Brice Railroad Tunnel kiln for the debts at once.

## ARMY CAMP SITE NEWS.

Field Maneuvers to be Held at  
West Point are New in  
This Country.

### REVISED LIST OF TROOPS.

Field maneuvers, such as those contemplated at West Point, are new in this country, having had their beginning in the maneuvers last year at Fort Riley," said Col. Wagner in Chicago last week. "They are, however, not new in Europe, dating back to the time of Frederick the Great. After the military triumphs of Prussia in the war with Austria, in 1866, and with France in 1870-1871, autumn maneuvers became a marked feature of the military instruction of all European armies. In the armies of the great Powers, these maneuvers are now held on colossal scale, several hundred thousand men being not infrequently assembled in each for their annual period of field training. In these maneuvers the conditions under which the troops are acting are made as nearly as possible the same as those existing in actual war. The opposing forces approach each other, each preceded by its scouts and advance guard, and the commander must ascertain from his own scouting all the information that he can get in regard to the numbers and position of the enemy and of his opponent's plans. So far as scouting reconnoitering, occupying positions and preparing for attack are concerned, these maneuvers do not differ materially from the duties of actual campaign. The troops are never allowed to approach so closely to each other as to bring about a collision of the opposing forces. They are carefully watched by spies, who assign from time to time certain percentages of losses or rule certain organizations out of action. There is a time in the course of the maneuvers when the armies reach such a position that nothing but the actual use of bullets could give an indisputable decision. When a maneuver reaches this stage, the chief umpire immediately calls a halt, and the relative positions of the opposing forces and the manner in which the attack and defense were conducted are duly noted. The report of the chief umpire is afterward read to the assembled officers, and an opportunity is given for full discussion on part of all concerned. The decision of an umpire on the field must be accepted immediately and without question, but any officer believing the decision to be unfair has the right to appeal in writing, and the matter is duly considered by the commanding General. The commanding General is the final arbiter of the matter, and he can either accept or reject any or all of the decisions of the chief umpire."

The revised list of the troops that will participate in the maneuvers, together with their commanding officers, is as follows:

Regular infantry—  
First Infantry—Nine companies stationed at Fort Wayne, Detroit; Fort Brady, Mich.; Fort Porter, Buffalo, N. Y.  
Third Infantry—Eleven companies from Columbus barracks, Columbus, O., Fort Thomas, Kentucky; Columbus Arsenal, Tenn.  
Twentieth Infantry—Four companies stationed at Fort Sheridan Ill.  
Two troops of the Second cavalry stationed at Fort Sheridan, Ill., under command of Capt. Gardner of the Second cavalry.  
Six troops of the Eighth cavalry from Jefferson barracks, Mo., Col. Anderson commanding.  
Seventh cavalry, Chickamauga Park, Ga., nine troops, Col. Morton commanding.  
Fourteenth and Twenty-first battalions of the light artillery from Fort Sheridan, Ill., Capt. Newcomb and Berry commanding.  
First Infantry will be commanded by Col. Duggan; Third infantry by Maj. Arthur William; Twentieth infantry by Maj. W. T. Wood.  
The quota of National Guard that will be present is as follows:  
Wisconsin—First regiment, Col. Falk commanding.  
Indiana—Three regiments of infantry, battery of artillery, Gen. McKee commanding.  
Michigan—Three regiments and battalion of infantry, Gen. McGurran commanding.  
Kentucky—Two regiments of infantry, battery of artillery; artillery to serve as infantry.

## WAS A PRETTY HOME WEDDING.

Mr. Charles E. Keil and Miss Elizabeth W. Hambleton are Married.

### RECEPTION BY MISS MURRAY.

The marriage of Mr. Charles Edward Keil to Miss Elizabeth Watkins Hambleton Thursday morning was one of the prettiest home weddings that has taken place in this city for several months. The ceremony was solemnized at the home of the bride at 8 o'clock by Rev. T. F. Walton, former pastor of the Lucile Memorial Presbyterian church. Miss Allene Murray and Miss Jane Hambleton acted as bridesmaids and carried shower bouquets of bride's roses. The bride was becomingly gowned in a beautiful white Paris mullin. A large number of friends and relatives of the contracting parties witnessed the impressive ceremony. The bride received many beautiful wedding presents. Among these were a beautiful amethyst ring and an exquisitely carved brooch made from pure lava. These were among the presents presented by the groom.

Amidst a shower of rice and the well-wishes of many friends Mr. and Mrs. Keil left on the 9:45 train for a bridal tour in the East. They will visit Mr. and Mrs. Ben. W. Wilson, who were popular in Cloverport society in the fall of 1902, at Atlantic City, and Mr. Keil's mother at Weehawken, N. J. After a visit to New York they will leave for their future home at Crompton, Pa.

Last Wednesday evening Miss Allene Murray entertained with a seven o'clock dinner in honor of Mr. Keil and Miss Elizabeth Hambleton, and Mr. C. T. McChannan and Miss Annie A. Hambleton, who will be married tomorrow at the Presbyterian church. The following were present: Misses Elizabeth W. Hambleton, Annie Hambleton, Allene Murray, Jane Hambleton and Ennie Whisenand of Vine Grove, Ind.; Mesdames Mary Adelle Hambleton and R. B. Pierce; and Messrs. Charles Keil, C. T. McChannan, Chas. Hambleton, Jas. B. Fisher and H. C. Murray.

### What is Life?

In the last analysis nobody knows, but we know that it is under strict law. Abuse that law even slightly, pain results. Irregular living means derangement of the organs, resulting in Constipation, Headache or Liver trouble. Dr. King's New Life Pills quickly re-adjusts this. Its genuine, yet thorough. Only 25c at Short & Haynes' drug store.

### A TALK ON MISSIONS.

By Mrs. H. B. Grinnell.

The subject of missions has received a great deal of attention here recently in our churches. It is a Bible doctrine which deserves our most prayerful thoughts. I am reminded by the agitation of this subject of what the Episcopal church is doing in the missionary field. St. Elizabeth's Hospital, in Shanghai, China, has been formally opened. It is for women and children and speaks volumes for our churches, especially for the women of the household of faith. Good and faithful work has been done there, as elsewhere, by more than one devoted woman and it is as a result of their labor that the mission has to-day not only the new hospital, but the constantly growing work which made the new hospital a necessity. There's nothing picturesque about the work of those devoted women out there any more than there is at home. It means long days and long nights, too, of hard and often disheartening labor. It means a constant battle with ignorance, prejudice and superstition. But it means, as well, the gradual conquest of those things and the opening of the doors through which Christian faith and education may enter and so our missionaries from this and other churches are spreading the Light amid the darkness of China until this nation may see and accept the salvation of our God.

The ground gained in Porto Rico is a pleasure to contemplate. Our "Woman's Auxiliary," of its united offerings, has contributed enough to buy a parsonage adjoining the church property at Ponce. Our school at San Juan has been enlarged and a piano adds the little Porto Ricans to sing the praise of the Good Shepherd. At Aguadilla, where Columbus landed, good work is progressing. There the United States has planted the Flag in foreign shores. Let us also give the Cross its best interpretation.

West Africa is coming in for a large share of mission work. And in missionary fields, we should let non-essentials go and attend the essentials. Upon our arms and take in those people teaching them that they just as truly as the white people in the United States have a right to the revelation enough to come down to this earth, to die that they might be inheritors of the Kingdom of Heaven. At Tokyo, Japan, souls are being saved and the Buddhist temples are falling.

But, with all due deference to my own church and all other churches, a spirit of bigotry has been responsible for some trouble in those lands and it is much to be deplored. Then no man or set of men knows definitely or in detail the exact manner of worship that is most acceptable. Let the soul be cleansed and estimated. It is human nature to believe our choice is the right way and that others are wrong. But God judges the motives. Those who pray standing up feel a pity for those who kneel, while those who kneel experience a like sensation when they see worshippers prone on the ground and yet think his is the only way. It is not intended for us all to see alike. That form is best in which the soul can best express itself. That position is best that furnishes the best medium of communication. It is an humble and contrite heart, a soul lifted out of and above the body in ecstasy that is worship. Any earnest worker is a worshiper and a missionary here right at home or in China, Japan, Africa. Faith is the light of God while forms are man-made. There are impostors in all churches. There are Pharisees in all churches, but they never keep the churches up. The majority of church members are sincere and earnest and they will follow that form of worship that most appeals to them and that is most satisfying to them, in spite of what the opinion of another may be. Let the non-essentials go and get at the essentials.

### TURN THE LIGHT ON THE RECORDS.

The following from Col. W. C. P.  
Breckenridge in the Lexington Herald  
is good, timely advice and if Gov.  
Beckham would put himself in the  
right light before the intelligent,  
right thinking voters of the State  
he will certainly see to it that a true  
and reliable statement of the facts in  
the case be made public. The Herald  
says:

"Gov. Beckham undoubtedly believes  
the figures are accurate that he uses  
in his speeches and he bases this belief  
on his confidence in those officers who  
made up the list of pardons. It may  
be that the list is correct; but correspond-  
ents from several counties have  
pointed out what is claimed to be  
omissions and give the names, the  
crimes for which the persons were  
convicted, the time of pardon and  
circumstances. And this gives to  
his opponents and especially to the  
Lexington Herald an apparent ad-  
vantage in this debate concerning  
pardons that he ought not to permit.  
It is due to his own honor and to his  
own character for frankness to have  
these alleged omissions and errors  
carefully examined into and have the  
exact facts made public. In our  
view the number of pardons is of com-  
paratively small importance compared  
with other elements; but omissions  
are important.

There are fruitful also in other as-  
pects of this controversy. Most un-  
fortunately Gov. Beckham and other  
officials in his office and that of the  
secretary of state and around the  
executive offices have become involved  
in disputes and controversies with  
the correspondent of the Louisville  
Herald; and it has alleged that the  
public records were not willingly and  
courteously exhibited; that obstacles  
and personal assaults and other means  
were resorted to to prevent full and  
complete examination of these records.  
If there be omissions in these semi-  
official schedules it emphasizes the  
charges and allegations made as the  
reasons of these assaults.

It has also been charged that in the  
office of the secretary of state and in  
the executive journals there has been  
negligence in the proper entry of pardons,  
in the indexing of pardons and  
in perhaps other official duty. Mis-  
takes and omissions give point and  
prominence to this charge. The Herald  
calls attention to this because it be-  
lieves Gov. Beckham is dealing in  
good faith with the people in his pub-  
lic statements; and if there be errors  
he is being injured when the facts  
cannot be of half the injury the om-  
issions will be."

"Vic" Robertson has taken hold  
of the lively business in Hardinsburg.  
This means that Hardinsburg will  
have an up-to-date stable, with bright  
rigs, high-steppers and goers. "Vic"  
loves a good horse. He knows a good  
horse and won't have any other kind  
in his business. We congratulate  
Hardinsburg and the driving public.

Memory is a good thing in business  
and politics. Nothing like complete  
records either. The politicians are  
just now overhauling the poll books  
seeing who the voters are and locating  
them. They are getting ready throw-  
ing out their picket lines to make an  
onslaught on the dear voters. Watch  
the politician, he's a slick duck.

### EVIDENCE OF PROSPERITY.

Evidence of prosperity, in the gen-  
eral acceptance of the word, in Breck-  
enridge county, in both town and  
country, are being noted by the citi-  
zens of each community with much  
pleasure and satisfaction and antici-  
pation as to what the future holds for  
the county. Some of the late crops  
are the best in years and the year has  
been a most favorable one for the  
farmer. The railroads have had an  
immense amount of traffic, both pas-  
senger and freight, stock raising is  
being carried on on a larger scale;  
the tile and stave and other timber  
industries are receiving more atten-  
tion; and more attention is being paid  
to the mineral resources of the county.  
New manufacturing industries are lo-  
cating in the principal towns and the  
merchants of every community are  
enjoying a more extensive trade.  
The people are asking for more mod-  
ern improvements and are realizing  
that they must have them if they  
hope to keep pace with other progres-  
sive communities. In a word, every  
branch of business is prospering as the  
year draws to a close and the outlook  
for the material prosperity of Breck-  
enridge county for the year 1904 is  
very bright and encouraging.

Mr. John Phelon, the tobacco hand-  
ler of this city, says that the tobacco  
crop of Breckenridge county is the  
largest in nine years. The weed is of  
a fine quality and size and has not  
been damaged by insects and unfavor-  
able weather. The corn crop is in an  
excellent condition and an im-  
mense yield is predicted.

A number of facts like the above  
might be given to prove the state-  
ments made in the opening paragraph.  
But this step is unnecessary. Atten-  
tion need be called to only one more  
evidence of prosperity and that is the  
excellent financial success of the  
Louisville, Henderson & St. Louis  
railway, during the year ending June  
30, which will be found in another  
column of this issue. A railroad is  
valued by the country through which  
it runs and the prosperity of the road  
may be taken as an index to the pro-  
gress and development of that country.  
The L. H. & St. L. Ry. Co. has  
about 80 miles of its line in Breck-  
enridge county and its success may fairly  
be taken as an index to the pros-  
perity and development of the county  
as well as the State.

Concerning the success of the Hen-  
derson Route the Louisville Post has  
the following to say:

"The annual report of Mr. Attila Cox,  
president of the Louisville, Henderson  
& St. Louis railway, for the year  
ending June 30, has been submitted  
to the stockholders of the company.  
The people of Louisville and the  
people along the line of this road  
are interested in its success as  
to be congratulated upon the progress  
made since the re-organization of  
that company. Moreover, its pros-  
perity is an index to the progress and  
development of the State of Kentucky.  
There was a belief that because it  
was a river road, so-called, it could  
not be financially successful, but the  
history of the road during the last  
few years has silenced its critics,  
and made plain that it is a good  
property now, and that with the growth  
of the State its value will increase.

"The gross earnings of the road for  
1902 were \$808,547.57, compared to  
\$606,061.44 in 1901. The operating  
expenses in 1902 were \$576,854.10,  
against \$515,770 in 1901, leaving the  
net earnings of 1902, \$231,693.47,  
against \$180,294.44. In 1903, \$425,670.61  
was spent in improvements, against  
\$27,941.49 in 1902, leaving a net in-  
come in 1903 of \$189,222.86, against  
\$144,353.94 in 1902. Interest and taxes  
were \$127,500 in 1903 and \$126,000 in  
1902, leaving a surplus against fixed  
charges of \$61,822.86 for 1903, against  
\$16,352.94 the year before.

"The mileage is the same in both  
cases, but the gross earnings per  
mile increased from \$3,742 to \$4,347.  
The operating expenses were reduced  
from 74.10 to 71.34. The mileage of the  
Henderson road is only 186. It goes  
through a country settled long ago,  
and yet it increases its traffic first by  
serving the commerce of the commu-  
nity as now developed, and second by  
developing traffic in new directions.

"The value of such a road to any  
community is manifest."

There is no business so good but  
what it could be made better by good  
advertising.

"Lots of business on the branch",  
says Lee Montgomery, "and it seems  
to be increasing daily. We have had a  
big engine over here for more than  
a month and she has had all she could  
do to move the freight. Lumber, ties,  
logs and stock are the principal prod-  
ucts."

The News has been honored with a  
complimentary season ticket to the  
State Fair which is duly appreciated and  
it can be said that from our  
apple-picking, peach-picking, preserv-  
ing, canning and other household du-  
ties that come in after office hours,  
we'll be there. These strenuous  
times, especially in the matter of  
house-keeping—no servants and poor  
man has to make it. But we kind-  
er like it if we didn't we wouldn't do  
it—no—we are boss we are!  
Peel, peel, peel away  
For we'll all be at home in the  
morning.

Everybody's rejoicing in the pros-  
perity of the farmer. When things  
go well with him they go well with all  
of us. The farmer is the bed  
rock of all prosperity. The farmer  
feeds us all, supplies the pillow on  
which we rest our weary heads, and  
the covering which we draw over  
our cold and tired limbs. The farmer  
don't realize it but he makes the  
world and the balance of power is in  
his hands. Then how important it  
is to be a good farmer!

"Uncle" Billy Withers, of Kirk, says  
he is coming to the oldtime fiddlers'  
contest. "Want to hear some good old-  
time music once more before I die?"  
There are a lot of other people  
coming said he besides myself. I know  
of two or three old fiddlers who are  
getting in practice to enter for the  
prizes.

Nothing doing in politics over at  
Hardinsburg. Nothing being said  
either only that Sherman Ball is very  
sure of his re-election from the way  
he talks. Sherman has just sold out  
his interest in the lively stable and  
says he will now have plenty of time  
and money to donate to his business.

### Will Handle Tobacco.

The Hon. D. C. Moorman, Demo-  
cratic nominee for Representative, is  
pushing his candidacy and making  
many friends, who will vote for him  
in November.

Mr. Moorman, aside from his farm-  
ing, is going to enter the tobacco  
business. He has bought the W. J.  
Deane, Jr., warehouse at Glendene  
and expects to purchase between 400  
and 500 hogsheads of tobacco this  
season. He has hundreds of friends  
among the farmers who will be glad  
to sell to him.

friends in this city.

### To be Dedicated 5th Sunday.

The News has been informed that the  
Goshen Baptist church will be de-  
dicated September 27, the fourth Sun-  
day in this month, but has received  
no official program of the services  
that will be held on that occasion.  
At the last report received it had not  
been decided what minister would  
dedicate the church. When the fall  
program is arranged it will be pub-  
lished in next week's issue of the  
News.

## SOFT CORE

Like the running brook, the red blood that flows through the veins has to come from somewhere.

The springs of red blood are found in the soft core of the bones called the marrow and some say red blood also comes from the spleen. Healthy bone marrow and healthy spleen are full of fat.

Scott's Emulsion makes new blood by feeding the bone marrow and the spleen with the richest of all fats, the pure cod liver oil.

For pale school girls and invalids and for all whose blood is thin and pale, Scott's Emulsion is a pleasant and rich blood food. It not only feeds the blood-making organs but gives them strength to do their proper work.

Send for free sample.

## NEW ELECTRIC RAILWAY LINE.

Branch Road of Kentucky Traction Co. to Run Through Cloverport.

### MAIN ROAD THROUGH COUNTY.

Louisville, Ky., Sept. 9.—The Kentucky Traction Company yesterday announced its articles of incorporation, increasing the capital stock it may issue to \$5,000,000 and the amount of indebtedness it may incur to the same amount. This line proposes to build within a short time a line along the Eighteenth-street road to the mouth of Salt river, which is a distance of eighteen miles from the city. Later it intends to construct a line from that point to Bowling Green and Nashville with branches to Owensboro and Hopkinsville. President Joshua Powers, of the United States Trust Co., said yesterday that arrangements have been completed by which the road will be financed. The work of construction, however, will not begin until the legal fight being made by City Attorney Henry L. Stone on the ordinance recently passed by the General Council giving the road its right of way was finally settled. The survey has been completed from here to the mouth of Salt river. A general survey has been made of the rest of the proposed road.

#### Route of Proposed Line.

The route which will be followed by the road is given in the amended articles of incorporation as follows:

The termination of the line will be near the corner of Center and Jefferson streets. It will traverse the route granted by the General Council to Eighteenth street and the city limits, thence extending in a southwestern direction along the Eighteenth street road through Valley Station. From L. and W. River to the mouth of Salt river, a distance of about eighteen miles. The amendments permit the use of either the route as given or else one running from the intersection of Seventh street and the city limits, along the Seventh road to its intersection with the Eighteenth street road and then out the latter road to the mouth of Salt river. From the mouth of Salt river the route of the proposed road is given as follows: Across Salt river to West Point and thence through Hardin and Meade counties to Ross Haven, in Meade county; from there to Big Spring, in that county, and thence through Breckenridge and Grayson counties to Litchfield, from Litchfield it will run through Edmonson and Warren counties to Bowling Green, thence southwesterly, continuing through Warren and Simpson counties from Franklin to the Tennessee State line a distance of about 150 miles. From the State line it is proposed to build through Sumner, Davidson and Wilson counties in Tennessee to Nashville.

#### Two Branch Lines.

The amendment provides also for a

## THE FIRST LESSON

That the young girl has of womanhood is not seldom a painful one. She learns to know what headache means, and backache, and sometimes is sadly borne down by this new experience of life.

All the pain and misery which young girls commonly experience at such a time, may in almost every instance be entirely prevented or cured by the use of Dr. Pierce's Favorite Prescription. It establishes regularity, it tones up the general health, and cures headache, backache, nervousness and other consequences of womanly weakness or disease.

I received your letter some time ago, with advice about your wonderful medicine, writes Miss Stella Johnson, of Italy street, Dayton, Ohio. "I was troubled with severe pains every month, I was so miserable that I could not enjoy life, I am now happy to say that after five years of painful suffering, I feel like a new woman, since first using your 'Favorite Prescription.' I was induced to try it by reading your letter to you and follow your kind advice. I thank God and Dr. R. V. Pierce for the health I now enjoy. I shall urge every woman who suffers as I did to use your medicine."

"Favorite Prescription" makes weak women strong, sick women well. Accept no substitute for the medicine which works wonders for weak women. Weak and sick women are invited to consult Dr. Pierce's letter to them. All correspondence is held as strictly private and is confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

## INDIGESTION

"I was troubled with stomach trouble. Theodor's Black-Draught did me more good in one week than all the doctors' medicine I took in a year."—MRS. S. A. B. H. SHIPLEY, Ellipticalville, Ind.

## THEODOR'S BLACK-DRAUGHT

More sickness is caused by constipation than by any other disease. Theodor's Black-Draught not only relieves constipation but cures diarrhoea and dysentery and keeps the bowels regular.

All druggists sell Theodor's Black-Draught.

"Theodor's Black-Draught is the best medicine to regulate the bowels I have ever used."—MRS. A. M. GRANT, Sneads Ferry, N. C.

## CONSTIPATION

branch line from Rock Haven, in Meade county, through Cloverport, in Breckenridge county; Hawesville, in Hancock county, and through Daviess county to Owensboro. Another branch is authorized to be built from Bowling Green through Russellville and Elkton to Hopkinsville. The company is empowered to issue 5 per cent. bonds for a period not exceeding fifty years.

The amendment is signed by the original stockholders, consisting of John F. Kellner, H. S. McNatt, W. L. Weller, Jr., E. M. Coleman, F. H. Herman, Philip Ackerman, Joseph G. Sachs and Charles P. Dehler. Each owns six and one-fourth shares of stock.

Mr. Charles P. Dehler said yesterday that it was not the company's intention to attempt the construction of the entire line between here and Nashville immediately.

"We are in shape already to build the road from here to West Point," he said. "After that is completed we will then arrange to construct another section, and so on until we complete it. We are setting forth what we intend to do in our amended charter now in order to get the preliminary details all arranged."

For a billious attack take Chamberlain's Stomach and Liver Tablets and a quick cure is certain. For sale by short & Haynes.

#### Bradly Declined to Speak.

William O. Bradley, former Governor of Kentucky, declined a pressing invitation from the Republican managers to speak at Manfreville Saturday on the occasion of the formal opening of the party's campaign. Mr. Bradley grounds his declination on the state of his health but there is a basis for the belief that he has additional reasons. It is no secret that the manner in which his candidate, Mr. A. E. Wilson, was run over by the machine greatly displeased him, and that the ticket nominated by the convention did not entwine him as a party man.

#### R. N. Miller Wants His Pay.

Frankfort, Ky., Sept. 9.—Attorney W. H. Julian has received from R. N. Miller, formerly of Breckenridge county, but now of the Kentucky colony in Indiana, a claim for service as corporation clerk in the department of Secretary of State from March to June, 1900. Several such claims have been paid under decision of the Court of Appeals.

#### Examine Your "Twenties."

The secret service has reported a new counterfeit \$20 bank note on the Mechanics' National bank of New Bedford, Mass. The series is that of 1892, check letter B, charter No. 743, and signed Bruce, register: Wyman, treasurer of the United States. It is a good photograph on plain paper, with no fibers. The numbers, seal and panel of the back are tinted with this color.

If constipated or bilious, call for Ransom's Pills, and be certain our clerk gives you the genuine Ransom's. Complete Treatise—35 doses 25c.

#### Big Fleet of Coal.

At the Pumpkin Patch near Louisville there is now gathered together one of the largest fleets of coal which will ever be seen. It is larger by several million bushels than has ever been in the same place before. Over 300,000,000 bushels of the black diamonds are piled up there on barges waiting sufficient water to take it south.

## ROADS IN FINE SHAPE.

### Report of President Cox Shows

Increased Earnings for L. H. & St. L. Ry.

### MANY IMPROVEMENTS MADE.

The annual report of President Attila Cox, of the Louisville, Henderson and St. Louis railroad was made public Thursday. The gross earnings for the year ended June 30 were \$808,547, an increase of \$112,483 over the preceding year. The net earnings were \$201,653. The road is in excellent condition. During the year, the president reports, the following improvements have been made: Four hundred tons of steel rails have been laid and 24 miles of side tracks have been built; 55,415 cross ties have been replaced; three freight-houses, a baggage house and one section-house have been built; all necessary repairs have been made to bridges, tracks, etc.; locomotive power has been added, and the motive power is in good condition. The passenger equipment has been increased by one car; fifty new coal cars were added, and eighteen old cars have been rebuilt. The shop buildings are in good condition. The president suggests that new passenger equipment is needed. The passenger earnings for the year were \$282,178, compared with \$259,559 last year.

The directors of the road will meet in a few weeks to elect officers. It is probable that the incumbents will be re-elected. The directors will probably authorize many improvements in the passenger equipment, the branch of the road most in need of attention. The earnings and expenses were distributed as follows:

EARNINGS.

#### Fearful Odds Against Him.

Bedridden, alone and destitute. Such in brief was the condition of an old soldier by name of J. J. Stevens, Versailles, O. For years he was troubled with Kidney disease and neither doctors nor medicines gave him relief. At length he tried Electric Bitters. It put him on his feet in short order and now he testifies: "I am on the road to complete recovery. Best on earth for Liver and Kidney troubles and all forms of Stomach and Bowel Complaints. Only 50c. Guaranteed by Short & Haynes' Druggists."

#### To be Papared Institute Week.

The ceiling in the four large rooms of the public school building will be repaired during the week beginning Sept. 28, when the teachers will attend the Institute at Hamiltonburg. The paper was damaged by rain when the roof of the building was remodelled.

## Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition, beauty, vigor and cheerfulness, and when the kidneys are out of order or diseased, Kidney trouble has become so prevalent that it is not uncommon for a child to be born with diseased kidneys. If the child is not treated, it will die too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit of most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, which need the same quick remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it, including many of the thousands of testimonial letters received from sufferers. Write Dr. J. C. Kinney & Co., Binghamton, N. Y., be sure and mention this paper.

Don't make any mistake, but remember that the name Swamp-Root is prominent on the Root, and the address, Binghamton, N. Y., on every bottle.

## TRAGEDY AT DEANEFIELD.

Town Marshall Guess, Formerly of This County, Wounded and E. Phillips Killed.

Owensboro, Ky., Sept. 9.—A special Illinois Central train bearing John Guess, the Marshal of Deanefield, arrived here at 1:30 o'clock this morning. Guess has a load of shot in his knee cap and is being taken to the City Hospital. Eugene Phillips has died at Deanefield as a result of being shot by Guess after he had been wounded the knee.

Phillips had been drinking all the afternoon. He participated in a fight with Charles Thornton and hit him over the head with a hammer. A warrant was taken out for his arrest and placed in the hands of Guess. Shortly after 7 o'clock he started for the home of Phillips, which is a mile and a half from Deanefield. He had not gone far until he met Phillips coming along the road. He ordered him to halt, but Phillips threw his shotgun to his shoulder and fired. The iron shot struck Guess in the knee and knocked him to the ground. Guess had his revolver out and fired. Phillips fell dead in his tracks. He was a married man with several children. Guess is also married and is well known in this section of the State.

Guess' injured limb had to be amputated Wednesday morning. He formerly lived in Breckenridge county and is well known here.

#### Distress After Eating Cured.

Judge W. T. Holland, of Greensburg, La., writes in the following known, says: "Two years ago I suffered greatly from indigestion. After eating, great distress would invariably result, lasting for an hour or so and my nights were restless. I concluded to try Kodol Dyspepsia Cure and it cured me entirely. Now my sleep is refreshing and digestion perfect." Sold by All Druggists.

## HEROISM IN WOMEN.

Whenever a woman does some courageous act not strictly in line with woman's ordinary conduct, men hasten to pay her tribute.

If she flags an impertinent train, takes a gun to a burglar, or smashes a mugger, we at once go into high panegyrics over her heroism. In the impulse of enthusiastic admiration we magnanimously admit that women may be as heroic as men.

At the head of this type of womanly intrepidity stands the famous Ida Lewis Wilson, the heroine of Lime-Rock Lighthouse, who has saved a score of lives in adjacent waters.

Close to her in the admiration of the public are the noble women who go as nurses to the battlefields and fever infected places.

These are brave women, indeed, and admiration for them is genuine and irresistible—but is the selection of such instances as these as types of womanly heroism fair to women in general?

Not all women are lighthouse keepers. Most of them are home-keepers. Are we to ignore the heroism with which they perform their everyday tasks?

All praise to the noble nurses who go to the fever spots and heroically stay to the end—but what of the millions of mothers, wives, sisters, sweet hearts, who would die rather than be dragged from the bedside of their dying ones?

Who has ever counted the hours that the mothers of the world have spent in lonely vigil, when despair pressed upon them and closed round upon them like a midnight gloom? How often have you heard of a mother that failed, or forgot, or faltered?

Did you ever know one who would not give all but hope of heaven to save the life that had flickered down to a tiny spark?

These things are so common that we take no notice of them. We are so used to heroism in women that we think nothing about it until it presents itself in some unusual form.—Cincinnati Post.

### A Purgative Pleasure.

If you ever took Dr. Williams' Little Elder Risers for biliousness, or constipation you know what a purgative pleasure is. These pleasant little pills cleanse the liver and rid the system of all bile without producing unpleasant effects. They do not grip the system or weaken but give tone and strength to the tissues and organs involved. W. H. Howell, of Houston, Tex., says: "No better pills can be used than Little Elder Risers for constipation, sick headache, etc. Sold by All Druggists."

## WINCHESTER "NEW RIVAL" FACTORY LOADED SHOTGUN SHELLS

Give these shells a thorough trial, and you will find them to be as nearly perfect as experience, ingenuity, brains and equipment can make them. They are made with Winchester patent corrugated head, which has made Winchester "Leader" and "Repeater" Smokeless Powder Shells so popular and satisfactory. Winchester Factory-Loaded "New Rival" Shells are thoroughly waterproof, and are loaded by exact machinery with the standard brands of powder, shot and wadding which makes them uniform and reliable.

# THE BIG STATE FAIR

Will Draw Thousands to Owensboro, September the 21st to 26th.

\$20,000 in Cash Premiums and Many of the Country's Best Amusement Shows Free.

LOW RATES ON RAILROADS.

The biggest State fair ever held South of the Ohio river will be opened at Owensboro, the bustling little Western Kentucky city, on Monday, September 21, lasting throughout the week. Cash premiums amounting to over \$20,000 will be distributed for the best exhibits of agricultural products, and live-stock, fowls, pigons, hares, and the handicraft of the women of Kentucky or of other States. There will be the finest free amusement shows that the county affords for Fair purposes, including many feats of daring never before seen in this State. In fact, the State Fair will be almost on the proportions of a great exposition and those who win premiums may well feel proud of the honor, besides the financial benefits derived.

### SOME OF THE PREMIUMS.

\$5,400 for Best Cattle.  
\$1,000 for Dairy Cattle.  
\$4,300 for Horses.  
\$800 for Mules and Jack Stock.  
\$1,300 for Swine.  
\$1,300 for Sheep.  
\$1,000 for Poultry, Pigeons and Belgian Hares.  
\$750 for Women's Department.  
\$4,000 for other Exhibits.  
SOME OF THE FREE ATTRACTIONS  
The Famous Dr. Carver.  
Bronco John's Wild West Show.  
High Diving Bicycle Rider.  
Harnessed Ostrich Races.  
Horse Racing (no betting.)  
Foot ball for State Championship.  
Exhibition of Educated Horses, Champion Cake Walker of the World.  
Kirkcamp's Five Military Band Concerts.  
Dare Devil Schryer, the world renowned high diver, will appear every afternoon in his wonderful high dive bicycle act, the first time ever presented in the State. He rides down a steep incline 60 feet above ground at the lower end, jumps from his wheel, and dives into a shallow tank 103 feet from the base of the chute.  
This is one of the most thrilling and dangerous feats ever enacted by any person. This attraction alone is worth twice the price of admission to the fair.

All railroads entering Owensboro have granted a rate of one fare and 25 cents extra for the round trip. The L. & St. L. will run excursions from Louisville to Owensboro and return on Tuesday, Thursday and Friday, leaving Louisville at 7 a. m. and arriving at Owensboro at 10 a. m. Returning the train leaves Owensboro at 6 p. m. and reaches Louisville at 9 p. m.

### The Genuine vs. Counterfeits.

The genuine is always better than a counterfeit, but the truth of this statement is never more forcibly realized or more thoroughly appreciated than when you compare the genuine DeWitt's Witch Hazel Salve with the many counterfeits and worthless substitutes that are on the market. W. S. Ledbetter, of Shreveport, La., says: "After using numerous other remedies without benefit, one box of DeWitt's Witch Hazel Salve cured me." For blind, bleeding, itching and protruding piles no remedy is equal to DeWitt's Witch Hazel Salve. Sold by All Druggists.

### Bankers are in Session.

The Bankers Association of Kentucky is in session at Hopkinsville today and will continue all day tomorrow. This evening there will be a grand banquet at Hotel Latham, where the session is being held. This is the association's eleventh annual meeting.

### In Memoriam.

To Rev. and Mrs. Vine, of Cloverport, in deep sympathy in the recent loss of their little infant girl.

By their friend Wm. Henry Fitzgerald.

Sadness is sweet if in that sadness given

There lingers just a little touch of heaven.

As sunset splendor in its golden light

Sweetness and charms the advent of the night.

Sweet Babe departed, brief thy morning sun.

But ne'er can one forget the Angel one.

The little life a tiny bud as fair

As e'er our Father's golden lands did bear.

Thou camest to go, but visions still appear

Of the rich days, Loved One, when thou wast here.

Like some bright ray that broke thro' Heaven's rift

And filled our lives with wine, God's Summer gift.

Our years shall break in songs before ussing

Thy absence shall forever have a touch of heaven.

For thou shalt call out from the vocal strains

These waiting, trusting hearts to Paradise.

### Cancer Cured by Blood Balm—All Skin and Blood Diseases Cured.

Mrs. M. L. Adams, Fredonia, Ala., took Botanic Blood Balm which effectually cured an eating cancer of the nose and face. The sores healed up perfectly. Many doctors had given up her case as hopeless. Hundreds of cases of cancer, eating sores, suppurating swellings, etc., have been cured by Blood Balm. Among others, Mrs. B. M. Gurney, Warrior Stand, Ala. Her nose and lip were raw as beef, with offensive discharges from the eating sores. Doctors advised cutting, but it failed. Blood Balm healed the sores, and Mrs. Gurney is as well as ever. Botanic Blood Balm also cures eczema, itching humors, scabs and scales, bone pains, ulcers, offensive pimples, blood poison, carbuncles, scrofula, ringings and bumps on the skin and all blood troubles. Druggists, \$1.00 per large bottle. Sample of Botanic Blood Balm free, prepaid by writing Blood Balm Co., Atlanta, Ga. Describe trouble and special medical advice sent in sealed letter. It is certainly worth while investigating such a remarkable remedy, as Botanic Blood Balm cures the most violent, worst and most deep-seated blood diseases.

### Pitchers Nearly 100 Years Old.

Miss Anna E. Hawes, Jr. of this city, daughter of Mrs. Edith L. Rice (nee Hawes) and John W. Hawes, deceased, is the owner of two old pitchers, which her great uncle, John Taylor, nephew of President Z. H. Taylor, gave to his sister, Anna, on her marriage to Theodore Hawes, and who was Miss Anna E. Hawes' grandmother. Mr. John Taylor bought these pitchers in Paris, France, while passing through that city during his travels abroad. The pitchers are about seventy-five years old, of beautiful design and hand painted.

Has Sold a Pile of Chamberlain's Cough Remedy.

I have sold Chamberlain's Cough Remedy for more than twenty years and it has given entire satisfaction. I have sold a pile of it and can recommend it highly.—Joseph McElhiney, Linton, Iowa. You will find his remedy a good friend when troubled with a cough or cold. It always affords quick relief and is pleasant to take. For sale by Short & Haynes.

### Peculiar Accident.

While on his way to Henderson from this city Mr. C. R. Davidson was severely hurt, while passing the station at Mattingly on the noon train yesterday. Mr. Davidson took the train at this place and wishing to communicate with some friends at Mattingly, he went to the window and saw a note on the window, as the train does not stop at that place. "While in the act of 'hrowing' the note out his arm struck the mail car. The train was traveling about forty miles an hour. The arm was severely lacerated and strained, although no bones were hurt. He did not secure medical aid until the train reached Henderson.—Owensboro Inquirer.

### About Mussel Shells.

There are few who know how mussel shells are secured, a trot line containing from 150 to 200 lines is placed in the water and stretched from two boats or skiffs. On the end of each separate line is a straight wire, which is grasped and clung to by the shells until they are knocked off into the boat. Two lines are worked at once and from fifty to 150 shells are taken in each raise. Some of the old shell fishers down the river about Cloverport and New Amsterdam earn from \$2.50 to \$4.00 each, day besides pearls that are often found the shells.—Louisville Times.

### Just So They Have the Holes.

Drilling machinery will arrive here this week in charge of a crew who will at once go to work putting down holes for oil. It is not known where work will begin or who is doing the putting up for the going down, but it matters little just so the prospecting continues. We will at least always have the holes with us.—Hawesville Plaindealer.

### Reunion Falls Through.

The proposed reunion of Federal and Confederate soldiers for this city is dead. There was not sufficient enthusiasm to raise the necessary amount of money. The former soldiers of Cameron have taken up the matter and will attempt to have one over there.—Hawesville Plaindealer.

## A Notable Young Woman.

Miss EMMA WELLER, who is Secretary of the Young People's Christian Association, at 1818 Madison Ave., New York City.

Your "Favorite Prescription" is a boon to sick and tired women, for it cures them when other medicines fail. I know whereof I speak, for I have had experience with it. For fourteen months I had constant headaches; seemed too weak to perform my daily duties, and when the day was over I was too tired to sleep well. I suffered from nervousness and indigestion, and everything I ate distressed me. Doctored with different physicians but received no relief. After reading one of your books I decided to give your "Favorite Prescription" a trial. Am very glad I did, for I found it was just what I wanted. I commenced to improve at once and kept getting better until, after seven weeks, I was entirely cured. I have remained in perfect health ever since, and remain a firm friend of your "Favorite Prescription."

Yours very truly,  
Miss EMMA WELLER.  
(From letter to Dr. Pierce.)

### fect health ever since,

and remain a firm friend of your "Favorite Prescription."

Yours very truly,

Miss EMMA WELLER.

(From letter to Dr. Pierce.)

The woman who suffers from weakness and disease of the distinctly feminine organs, whether she realizes it or not, is being slowly but surely tortured to death. She suffers almost continually with sick headache. She has pains in the back, what she calls "stitches" in the side and shooting pains even where. She experiences burning and dragging down sensations. She becomes weak, nervous and despondent. If she consults the average physician, there is not one chance in ten that he will hit upon the real cause of her trouble. He will attribute her bad feelings to stomach, liver, heart or nervous trouble. A woman in this condition should consult some eminent and skillful specialist who has had a wide experience. Dr. R. V. Pierce, for thirty years chief consulting physician to the Invalids' Hotel and Surgical Institute, at 1515 Broadway, N. Y., has, with the assistance of a staff of able physicians, prescribed many thousands of women. He used most frequently a wonderful medicine for ailing women, which he afterward put up in ready-to-use form and called it Dr. Pierce's Favorite Prescription. It has stood the test for thirty years. It acts directly on the delicate and important organs concerned in wifehood and motherhood, making them strong and well. It allays inflammation, heals ulceration, soothes pain and tones and builds up the nerves. It transforms weak, nervous women into healthy, happy wives and mothers.

"I was an invalid for over a year with change of life," writes Mrs. C. Smith, of Orr, Cascade Co., Mont. "I had pains across the pit of my stomach and such extreme weakness I could hardly walk. I took one bottle of Dr. Pierce's Golden Medical Discovery and five of his 'Favorite Prescription' and am entirely well."

A million of suffering women cry with uplifted hands for some relief from the pains and tortures of diseases peculiar to their sex. A million more

suffer in silence rather than subject themselves to the abhorrent and humiliating examinations and local treatment so uniformly insisted upon by physicians.

"Female weakness" can be cured—surely, speedily—without exposure, with slight expense—without leaving your own home. Dr. Pierce's Favorite Prescription will cure any disorder or disease of the organs distinctly feminine. Perhaps its greatest usefulness is in preparing women for the ordeal of childbirth. Taken during the expectant period it practically eliminates pain and danger at the time of parturition.

Write Dr. Pierce for advice and you will receive an immediate answer and without cost to you. All correspondence strictly confidential.

We also advise all women who suffer great pain at each recurring period to take a good vegetable laxative, such as Dr. Pierce's Pleasant Pellets, just previous to this time, as constipation is usually an aggravating feature of the trouble.

Don't allow the druggist to sell you something "just as good," because it's cheaper. The cheap kind has not the thousands of cures to its credit that Dr. Pierce's medicine has.

Miss KARRIE SPRECHER, of Mount Morris, Ill., writes Doctor R. V. Pierce as follows:

"I was back in my old home when your letter came. I will try and explain regarding the good I received from your medicines. For over one year I suffered from what my physician pronounced womb trouble. Had doctors with doctors in the east and also in the west but found only temporary relief. The next time of my sickness I found myself no better, and in that way it kept going on from time to time until I became discouraged. I finally resolved to write you for advice. I purchased two bottles of Dr. Pierce's Favorite Prescription, two vials of his 'Pleasant Pellets,' and by using only that small quantity I have found wonderful relief. I say to all who are suffering from troubles similar to mine that it is unnecessary to be sick when one can use Dr. Pierce's remedies."

How to preserve health and beauty are told in Dr. Pierce's Common Sense Medical Adviser. It is free. For a free copy send one or several stamps TO COVER MAILING ONLY; cloth binding, 10c. Send to Dr. R. V. Pierce, Buffalo, N. Y.

### MORNING STAR at HOTEL.

The steamer Morning Star will be sent down to West Point in a few days and put in readiness to do service as a refreshment and lodging boat. Though the boat will not be needed until September 26, the Louisville & Evansville Packet Company wants it to be at West Point before the river has a chance to fall and make the trip impossible.

Dr. James V. Prewitt, of West Point, was in Louisville today and secured the boat from Col. W. H. Hite of the packet company. The Morning Star can accommodate 114 lodges in its state rooms and can feed eighty-four people at a time. A big crop of coals will be taken along and first-class meals provided for 50 cents. State-rooms on the boat will cost \$1. The use of the boat was obtained on the petition of seventy-five residents of Hardin county. Dr. Prewitt presented it to Col. Hite this morning. Two boats were asked for, but only one could be promised. The packet company will run excursions if the stage or river permits, but the water is generally too low at this time of the year.—Louisville Post.

### Stomach Trouble.

"I have been troubled with my stomach for the past four years," says D. L. Beach, of Clover Hook Farm, Greenfield, Mass. "A few days ago I was induced to buy a box of Chamberlain's Stomach and Liver Tablets. I have taken part of them and feel a great deal better." If you have any trouble with your stomach try a box of these Tablets. You are certain to be pleased with the results. Price 25 cents. For sale by Short & Haynes.

### A Blow to Hawesville.

If the plans are carried out by the men who have recently acquired 400 acres of fine land around Tell City landing, just below this city, it will undoubtedly be a hard blow to Hawesville, says the Plaindealer. It is stated on good authority that the scheme is to have a switch constructed from near Petrie to the Ohio river and organize a free ferry from Tell City to the terminus of the switch. The object of the switch is to give the manufacturing interests of the Hoosier city a better tariff rate for their shipments.

A large number of the lower bottom people go to Tell City now and a convenient and free ferry would do the rest.

It is a great convenience to have at hand reliable remedies for use in cases of accident and for slight injuries and ailments. A good liniment and one that is fast becoming a favorite of not a household necessity is Chamberlain's Pain Balm. By applying it promptly to a cut bruise or burn it allays the pain and causes the injury to heal in about one-third the time usually required, and as it is an antiseptic it prevents any danger of blood poisoning. When Pain Balm is kept at hand a sprain may be treated before inflammation sets in, which insures a quick recovery. For sale by Short & Haynes.
